Northern California Pipe Trades (NCPT) Supplemental 401(k) Retirement Plan

This Plan complies with IRS guidelines. Under the 401(k) Plan, an Employee will be given the option of deferring a portion of his or her wages to the 401(k) Plan. However, as explained below, there are certain limits established by Congress and the Internal Revenue Service (“IRS”) that the Plan must follow.

1. Election to Defer a Portion of your Wages to the 401(k) Plan. You will be permitted to elect a specific amount to be deferred to the 401(k) Plan. The deferral amounts effective January 1, 2024, will be: No Deduction, \$2.00; \$4.00; \$6.00; \$8.00; \$10.00; and \$11.00 per hour (subject to the maximum limits summarized in number 2 below). There are also deferral amount options available to members who are age 50 or older, during the 2024 calendar year, in the amount of \$12.00; \$14.00; and \$15.00 per hour (subject to the maximum limits summarized in number 2 below).

The current enrollment period in which you will be able to elect to change amounts deferred to the 401(k) Plan will take place through November 30, 2023, and will be effective with January 2024 hours. An Employee’s election will remain in place until the next election period. Any deferral amounts will be in addition to the “Mandatory” Employer Contribution as referenced in the Collective Bargaining Agreement (such as the Master Labor Agreement).

ALERT: If you previously designated an amount to be allocated to the NCPT Supplemental 401(k) Retirement Plan and wish to make a change, A NEW FORM IS REQUIRED and must be submitted no later than November 30, 2023, to make a change effective with January 2024 hours.

2. \$23,000 and \$30,500 Deferral Limits for 2024 Imposed by the IRS. Pursuant to IRS guidelines, the maximum amount that can be deferred to a 401(k) Plan is \$23,000 for the calendar year (2024); however, for Employees who are age 50 or older, during the 2024 calendar year, the IRS permits an additional catch-up contribution of up to \$7,500 each year. Thus, the maximum amount that a person age 50 or older can defer is \$30,500.

The Record Keeper, Northwest Plan Services (NWPS), previously Kaufmann and Goble, will monitor your deferrals to ensure that the maximum deferral amounts are not exceeded during the calendar year. Any amounts received in excess of the IRS guideline maximums will be reversed by the Record Keeper and paid to you as wages. When determining deferral maximums, this will not include any “Mandatory” Employer contributions required by your Collective Bargaining Agreement. *However, since you are the **only party who knows the actual number of hours that you have worked and the total deduction that has been remitted on your behalf, you will need to monitor your deferrals to prevent headaches***

come tax time. Your balance can be obtained by logging into your account at www.NCPT401K.com, individual pay stubs and/or ISITE.

3. FICA/FUTA Withheld from Deferral Amounts. Pursuant to IRS guidelines, amounts deferred by an Employee to a 401(k) Plan are subject to Social Security and Medicare withholdings (“FICA”) and Federal Unemployment taxes (“FUTA”). As a result, FICA and FUTA taxes will be deducted by your Employer from the deferral amounts.

4. Investment Options. The Plans Qualified Default Investment Alternative (“QDIA”) was changed from the Balanced Pooled Fund with an age-appropriate Target Date Retirement Fund, effective February 1, 2022, with new contributions. Your Plan assets will continue to be invested in this Target Date Retirement Fund or as individually directed. While your Statements show both a 401(k) and a Mandatory 401(a) balance, the funds are invested together. Please note if you do not provide investment instructions to the Plan, your assets will continue to be invested in the Plan’s QDIA. For questions about the Plan’s investments, please contact the Investment Advisor, Mammini Company at (888) 547-6952, info@mammini.com.

Health Reimbursement Account (HRA)

Anyone under a classification that provides for mandatory HRA contributions may have additional contributions made to their HRA as outlined on the Enrollment Application. The HRA contribution hourly rate is excluded from the taxable wage. Pursuant to IRS guidelines, these are considered employer contributions.

Any eligible participants and/or eligible dependent with an account balance may use their HRA account balance to pay for IRS qualified health and welfare expenses that are not otherwise covered by the health plan, including Active or Retiree self-payments and COBRA premiums.
